

Future Plans

After graduating from high school, I am taking the SAFE MLO Exam to obtain my Mortgage Loan Origination License. Once I get my license, I'm going to start working at my friend's father's mortgage brokerage. I plan on traveling a lot this year and going on a lot of backpacking trips. My friends and I plan on moving somewhere together next year, but we haven't figured out where. Overall, I'm excited to make new memories and meet new people.
